

Have you ever wanted to take part in Motorsport yourself but thought it wasn't possible? To start competing in low-cost Motorsport in a standard car? To join a growing community who enjoy cars, grass roots Motorsport and a strong desire to have fun?

If so, the AutoSOLO on 21st March at the Castle Combe Racing Club Media Day is for you!

Join the Castle Combe Racing Club, Bath Motor Club and Motorsport UK to take your next steps in Motorsport.

At the Castle Combe Racing Club Media Day, you will have the opportunity to sit alongside experienced AutoSOLO drivers, or have a go yourself in your own car with expert guidance.

To help you continue your Motorsport journey, you can leave with a Motorsport UK RS Clubman licence and free membership of Bath Motor Club. This will enable you to enter a wide range of events around the country. You can also obtain expert guidance to help you continue your journey in Motorsport.

Do not miss this opportunity. There will be a small charge but all proceeds will go to the Great Western Air Ambulance.

No more wishing you could be involved in Motorsport, this is your opportunity to take part in low cost Motorsport in the car you already own. Share the opportunity to your friends and family - an expensive, modified car is not required to take part in Motorsport.
